Dear Sir/Madam,

The above-mentioned project is currently with An Bord Pleanala having been submitted on the 30<sup>th</sup> of November 2020. An Bord Pleanala had requested further information from the applicant on the 23<sup>rd</sup> of February 2021 and again on the 9<sup>th</sup> of November 2021.

You would have previously received a letter on this matter in the last week. However due to an oversight on one of the Public Notices, the newspaper and site notices had to be done again, the sole update on the letter is the dates for submission, which are now updated below in bold print.

Following on from submissions of both further information requests the Board has considered that this further information contains significant additional data on relation to the effects on the environment of the proposed development and it therefore required that we do the following:

- Publish new Newspaper Notices stating that significant additional information has been furnished to the board.
- Erect new Site Notices stating that significant additional information has been furnished to the board.
- Make available the significant additional information for inspection or purchase at the offices of An Bord Pleanala and Clare County Council
- Make available the significant additional information for review or download at the following website [www.carrownagowanplanning.ie](http://www.carrownagowanplanning.ie)

- State that submissions or observations in relation to the additional information may be made in writing to the board between the **11<sup>th</sup> of February 2022** and before **5.30pm on the 23rd of March 2022**.

The above-mentioned items have been completed and all documentation will be available to the public and to interested parties from **Monday the 14<sup>th</sup> of February 2022**.

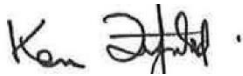

In addition, you are invited to make a submission or observation in writing to the Board on or before **5.30pm on the 23rd of March 2022**.

A copy of all documentation in PDF format for review or printing has been sent to you previously in the recent letter issued. All significant additional information submitted is also available from the following website [www.carrownagowanplanning.ie](http://www.carrownagowanplanning.ie)

In the event that you require printed copies of any documentation submitted, please contact the undersigned and we will be happy to provide it to you.
